

IMPACT REPORT 2025-2026

ROME-FLOYD COUNTY
COMMISSION ON
CHILDREN AND YOUTH
family connection™

OUR VISION

We envision a Rome and Floyd County where children, youth, families and our community are healthy and thriving.

Who Are We?

We are Floyd County's Georgia Family Connection Collaborative, an action oriented group that is open to all, with representation from sectors and stakeholders that influence and support children, youth, and families in Rome-Floyd County.

What Do We Do?

Like the scaffolding that surrounded our community's beloved landmarks this past year, either by intention or out of necessity, our Collaborative works together, scaffolding intentional and necessary changes to the systems that serve and impact our children, youth and families. We do this by leveraging reciprocal relationships, disciplined collaboration, collective skills, shared resources, and curated capacity between multiple organizations and sectors to disrupt patterns that might be holding some of our community's problems in place.

OUR MISSION

We work alongside children, youth, families and organizations in our community to craft local solutions to maximize resources and make systems more effective and efficient.
